### **Admin Dashboard**

Main Purpose: Oversee the entire platform—manage users, content, revenue, disputes, and system health.

#### Sections and Panels:

##### Admin Overview Panel

- Number of users, vendors, therapists
- New registrations today
- Total bookings today
- Total revenue (gross & net)
- System alerts (bugs, spam, downtime)

##### User Management

- View and manage user accounts
- Suspend, activate, or verify accounts
- View activity logs

##### Vendor & Therapist Management

- View/edit therapist/vendor profiles
- Approve pending listings
- Set commission rates
- Send platform messages or warnings

### Service & Listing Management

- Approve/reject new listings
- Edit featured services
- Control visibility and order of categories

### Bookings & Payments

- Booking history (filter by user/vendor/date)
- Manual refunds
- Earnings breakdown (including MARRIAGE.NG cut)
- View withdrawal requests and payout logs

### Events & Programs Management

- Approve new events
- Track participation
- Flag or suspend events

### Tribe & Group Moderation

- Monitor group creation requests
- Delete or ban inappropriate groups
- Admin messages to group leaders

### Site Content Management

- Manage blog posts
- Moderate Q&A section
- Upload new resource files
- Add homepage banners/sliders

### Disputes & Reports

- Handle complaints from users or vendors
- Chat record access
- Resolution outcome tracker

### Settings & Integrations

- Payment gateway settings

- Email/SMS notification templates
- Update terms/policies
- Manage pricing plans and commission structure
